

Summer trip to Godsell's Farm

On Sunday 18th August 2024, twenty-five Stonehouse History Group members and friends enjoyed a visit to 'Godsell's Farm' at Leonard Stanley.

We met in the barn where farmers Liz and Bryan Godsell explained the history behind the farm and the different processes they use to make their cheeses.

Liz then took us into the cheese making rooms and then showed us where they store the cheeses until they are ready to eat.

After a cup of tea, everyone took the chance to buy some of the varied cheeses on offer from Single Gloucester, using milk from their Gloucestershire Cattle to Village Gossip, again made with their own cow's milk and adding chives.

After the farm visit, we went to 'The Lazy Goose' in Eastington for a drink, some cake and a chat with friends.

Our thanks to Liz and Bryan Godsell for giving us such an interesting visit and hosting us for the afternoon.
